

# Volunteering for CBM

You will think it's amazing when you see the difference your contribution has made!

Here at CBM UK, we have a range of opportunities to suit your interests and available time. You will find that volunteering with us is rewarding and challenging and knowing that you are helping to make a difference to the lives of disabled people in the poorest parts of the world is - truly amazing.

In a busy and friendly fundraising office, we need people who are experienced in a wide range of office duties to support other members of our fundraising and donor relations teams. You will need to be computer literate in both Microsoft Word and Excel, but we are happy to train you on our database.

CBM UK is based just outside of Cambridge in Oakington and provides essential rehabilitation services to disabled people and their families in the poorest parts of the world. This includes medical care, physiotherapy, nutrition support and orthopaedic aids. We work in 90 developing countries and we are recognised by the World Health Organisation for our work with disabled people.

Why don't you make contact and find out a little bit more about us – we are waiting for your call!
