Changing lives with your scrap car

Do you own a banger that's merely gathering dust in the garage? Then you can do your bit for charity!

CBM is asking the public to crunch their old cars for cash as part of a novel fundraising scheme run by the **Giveacar** social enterprise.

Giveacar is a UK based fundraising organisation that specialises in donating unwanted and scrap cars to charitable causes throughout the world, including CBM UK.

At no cost to you

Unwanted cars are collected free-of-charge by **Giveacar** and either sold through an online auction, or disposed of in an environmentally friendly way at an Authorised Treatment Facility.

The minimum a scrap car can raise, would be enough to save the sight of two adults...

What your support can do

With the 'bangers' that are scrapped CBM can raise enough to support a child at school for a term, or save the sight of 2 adults.

Better condition cars can raise a minimum of £150 which will provide clubfoot surgery to a child or young person.

Think of how many life-changing opportunities you could give, just by making one phone call.

Giveacar will arrange for collection of the vehicle at no cost to you. Proceeds from the sale are then donated to CBM.

To arrange for your scrap car to be collected free-of-charge, please call **Giveacar** and quote CBM on 020 0011 1664 www.giveacar.co.uk
