

0:00

every day people go needlessly blind

0:03

because of diseases or conditions that

0:05

could be easily prevented or treated too

0:09

often if you live in a poor community

0:12

losing your sight means losing your

0:15

chance to go to school and a living or

0:17

live independently it means facing

0:21

stigma being isolated even abused driven

0:29

by Christian values fighting this

0:31

injustice has been our mission for over

0:34

a hundred years

0:37

CBM works in the world's poorest places

0:40

to prevent blindness and support people

0:43

who are living with visual impairment or

0:45

other types of disability we know that

0:49

75% of blindness is avoidable but for
0:52
millions of people a simple operation or
0:55
other treatment to save sight is out of
0:58
reach with your help we can change that
1:05
every year we protect millions of people
1:08
from blinding diseases deliver hundreds
1:12
of thousands of sight saving cataract
1:14
surgeries and provide over half a
1:18
million pairs of glasses and devices to
1:21
improve sight
1:24
we train doctors equip clinics and work
1:28
with local partners like hospitals
1:30
governments and community organizations
1:32
to ensure lasting change not just for
1:36
individuals but for whole communities
1:41
but there's still work to do too many

1:45

people are still needlessly blind and

1:48

too often people who struggle to see are

1:51

left behind unable to reach their full

1:54

potential join us to save sight and help

1:59

people in the world's poorest places to

2:02

go to school and a living and escape

2:04

stigma and isolation

2:06

[Music]

2:10

join us because together we can build a

2:13

world where nobody is needlessly blinded

2:17
