

I am Md. Nazmul Huda.

I am an executive Member of the Sreepur Apex Body and General Secretary of the Dakhin Sreepur Self-help Group of persons with disabilities.

We are always at risk compared to other people.

Persons with disabilities are most at risk in this disaster

Because we have no personal protection.

Then we have economic problems.

We are in a lot of trouble because of the financial inabilities.

I am also doing small business.

Gaibandha has become completely locked down since April 10 due to the ongoing transmission of coronavirus.

That's why my business is currently closed.

My father is a farmer.

He manages our family doing agriculture work.

He also has no income.

Before Coronavirus, we ate fish, meat and eggs every week.

But now we are not able to eat those foods due to economic constraints.

We are currently at health risk.

Moreover, Sreepur Union is a flood prone area in Sundarganj Upazila of Gaibandha District.

We used to take some preparations in groups before dealing with disasters.

But now we have no income due to the crisis created by coronavirus.

I am mentally worried about how we will deal with the upcoming flood.
