

00.0 – 00.10

Every day, people lose the ability to see, hear and walk because of conditions that can easily be treated or prevented.

00:13 – 00:16

If you are poor, you are much more likely to have a disability.

00:17 – 00:24

People who live in poverty with a disability are often forgotten.

00:18 – 00.32

Routinely denied the chance to go to school or earn a living, they face stigma, discrimination, even abuse.

00:33 – 00:37

We're determined to change that.

00:38 – 00:44

We transform the lives of people with disabilities in the poorest of places.

00:45-00:49

We help build a world where everyone can fulfil their potential.

00:50 – 00:53

We reach out to those whom others leave behind.

00:54 – 00:57

We've been doing this for over 100 years.

00:58 – 01:02

We are CBM.

01:04 – 01:12

CBM works around the world to prevent blindness and improve the lives of people living with disabilities.

01:14 – 01:23

Driven by Christian values, we believe that nobody should be denied their rights or excluded from opportunities because they have a disability - wherever they live.

01:25 – 01:33

We deliver life-changing medical care, preventing blindness, improving health and treating disabling conditions.

01:34 – 01:37

We help children with disabilities to go to school.

01:38 – 01:40

We train and equip people with disabilities to earn a living.

01:41 – 01:46

We respond to emergencies to make sure that help reaches those most vulnerable.

01:47 – 02:04

By working with local partners like hospitals, governments and disabled people's organisations, we don't just transform the lives of individuals, but we build more inclusive, resilient communities. We deliver lasting change.

02:05 – 02:12

Will you join us to transform lives. Together, we can build a fairer world.
